

LC-MPBI

Results Template

Headline figures for the live dashboard · Version 0.9

Submit after Phase 3 (nationwide survey) is closed

Fill this template when your national study is ready for the LC-MPBI board. Only aggregated figures are published. Keep company-level data confidential. Send the completed form to the LC-MPBI coordinator (abduh@itb.ac.id).

1. Country and status

Item	Your entry
Country name	
Country Lead name(s)	
Organisation of Country Lead	
Contact email	
Status requested	■ Studied ■ Published
Survey close date	YYYY-MM-DD
Report / DOI (if Published)	URL or DOI, or “none yet”

Studied = survey complete, headline figures ready. Published = national report or peer-reviewed paper available and linked.

2. Phase 1 — Industry scan (summary)

Item	Your entry
Lean companies identified (n)	Organisations with evidence of Lean application in projects
Other actors listed (optional)	Training, software, pure advocacy — if counted separately
Main sources used	e.g. LCI list, web search, job ads, LinkedIn...
Known gaps (1–2 sentences)	Optional

3. Phase 3 — Survey response

Item	Your entry
Invited (n)	Usually = Lean companies from Phase 1
Completed responses (n)	
Response rate (%)	Completed ÷ Invited × 100
Channel	e.g. online form / email / mixed

4. Core metric — Five maturity stages

Share of responding companies in each stage (must sum to ~100%). Use the shared definitions from the Method Guide.

Stage	Definition (short)	% of respondents	n (optional)
1 Informed	Informed / capability built; no concrete measures yet		
2 Piloting	Lean in a few projects		
3 Selective standard	Standard in some projects; not company-wide		
4 Majority of projects	Standard in the majority of projects		
5 Culture & strategy	Embedded in strategy, structure, culture		
Total		~100%	

Stages 4–5 combined (optional dashboard figure): _____ %

5. Core metric — Share of projects using Lean

Distribution of respondents by share of their construction projects where Lean is applied.

Share of projects	% of respondents	n (optional)
< 10%		
10–25%		
25–50%		
> 50% (not all)		
All projects		
Total	~100%	

Headline (optional): Lean in more than half of projects = _____ % of respondents

6. Core metric — Project phases

Phase(s) where Lean is applied	% of respondents
Execution only	
Planning only	
Both planning and execution	
Other / unclear	

7. Method notes (optional but useful)

- Any deviation from the core metrics or maturity definitions? _____
- Local questions added (themes only, not full text): _____
- Phase 2 interviews conducted? ☐ Yes (n = _____) ☐ No
- Language(s) of the survey: _____
- Anything the steering group should know: _____

8. Confirmation

- Figures are aggregated only; no company-level data is submitted for public display.
- Core metrics follow the shared Method Guide definitions.
- Country Lead authorises LC-MPBI to show these headline figures on the live dashboard.

Name: _____ Signature / date: _____
